

REVITACEL™

SKIN CARE

RevitaCel's Biozhem brand Skin Basics botanically-enhanced products offer a plant-based approach to cleansing, moisturizing, nourishing and stimulating your skin to good health. Fresh, glowing, younger-looking skin is healthy skin, and daily use of the five steps in Biozhem's basic regimen will have your skin looking and feeling younger throughout all the ages of your life.

From gentle cleansing to exfoliation to maximum hydration, the gentle botanical extracts in Skin Basics give you everything your skin needs to be soft, radiant and youthful in appearance.

The original formulations for Skin Basics Botanicals were developed over 70 years ago and through the decades have been updated to include the latest research in botanical skin care. Select them all or choose those that are best for your skin type—you'll notice a definite difference with Skin Basics Botanicals.
